
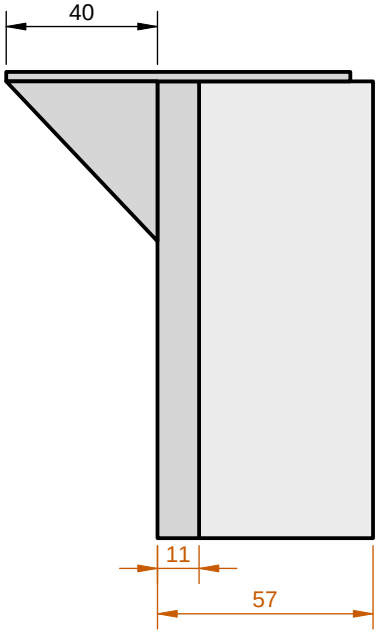
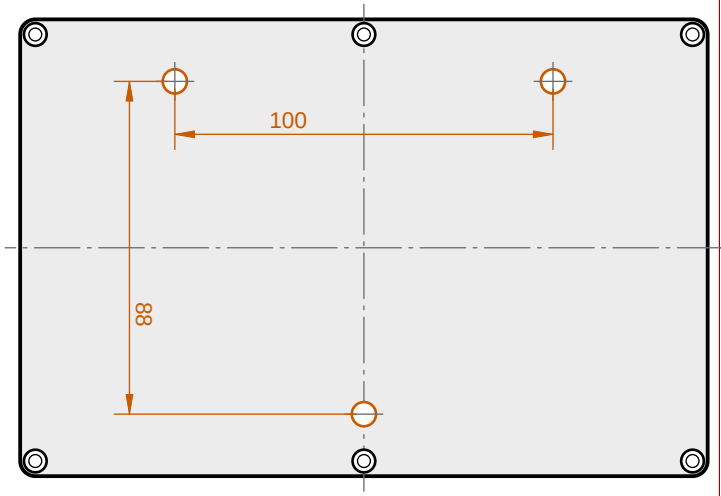
FRONT

rider side, visor not shown



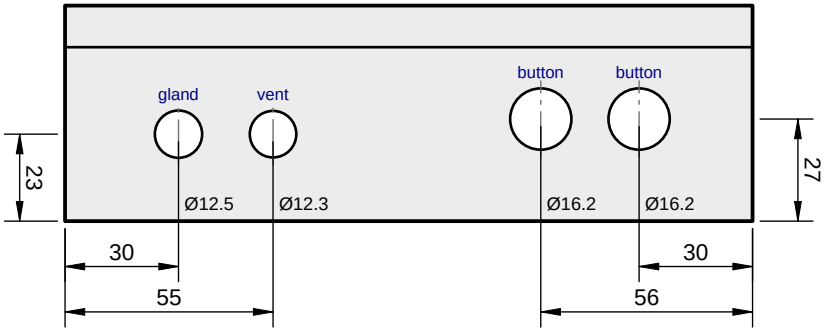
RIGHT SIDE

bezel, shell and visor



BACK

bike side · 3× M5 inserts Ø6.4 · 6× M3, Ø6 counterbore



BOTTOM

seen from below, rider side at the top

NOTES

1. Dimensions in mm. The parts are printed from the STL files in hardware/exports/cad/: this sheet is for checking them and for fitting the bike mount.
2. Bike mount: 3 M5 heat-set inserts in 6.4 mm holes, 11 mm deep. Closing: 6 M3 × 16 screws from the back into inserts in the bezel, 1 mm EPDM gasket.
3. Orange values are [TO VERIFY] before printing (chapter 07): the display thickness, which sets the bezel depth, and the mount points on the bike.

Print at 100 % (actual size): this bar measures 50 mm
